

PHILLY KELSEY & CO

PHILADELPHIA, PA  
(215) 292-4426

# YOUR eCLIPSE INSIDER

M2M BACKEND SUPPORT

## CONTRACTOR SERVICES

Delegate your administrative needs to Philly Kelsey & Co to manage and organize legal requirements for residential, commercial, and retail projects. Kelsey and her team mediate with the government on behalf of the contractor and provide reliable real-time application status updates on permits, licenses, and renewals so contractors remain compliant without sacrificing time on the job.

### Licenses & Permits

We submit, retrieve, and hand deliver permits, certifications, and trade licenses and provide correspondence between the architects, engineers, and property owner in order to collect all application prerequisites.

### Government Mediation

Text, phone, email or schedule a 15 minute consultation online for help using eCLIPSE, inspection statuses, and process oriented inquiries specific to your construction goals.

### eCLIPSE Management

We register your eCLIPSE profile, set up and manage each project association, address and assign RFIs to each designated eCLIPSE account and ensure administrative requirements, like insurance, are uploaded and up to date.

## TESTIMONIALS

Absolutely fantastic experience. When no one seems to be getting anything done, Philly Kelsey & Co. was right there to help with a difficult permit. My new go to! - *Keith Squares, HVAC Contractor*
